Occupied to capacity by troops. Two new wooden garges were under construction. A convoy of 12 two-axle tank trucks, coming from the direction of Coswig (N \$\mathbb{P} / \mathbb{E} 27), arrived at the barracks on 27 February 1950. The tank trucks each had a capacity of 1,500 to 2,000 liters.	
3. a. Flak Kaserne: (1) Four heavy tanks were seen in the barracks area recruits were drilling in the barracks yard.	25X1
(3) A tank with a device (presumably a battery commanders telescope) behind its turret was seen near Absacorf. Two tanks practiced near the target range in the Euper woods the target range by Soviet soldiers.	25X1

X1 Comment: a. The location of the Slat Cds Tank Regt 2 of the 6th Cds Tank Ddy in Mittenberg was confirmed by Soviet documents up to 15 January 1950. b. The information does not indicate any change in the occupation of the Mittenberg berreaks up to 15 Merch 1950. The exchange in the Bessler Knserne of M ertillery units for tank units, as assumed 10 March 1950, is possible but was presumably restricted to the military post as no outgoing or incoming reil shipments were observed in Wittenberg. 2		Successe)	25
